

25X1A

Copy No. 2 of 8

27 February 1963

MEMORANDUM FOR : Chief, Engineering Analysis Division, OSA

SUBJECT : Upgrading [REDACTED] Capability

REFERENCE : Memo for DAD/OSA from C/EAD/OSA, Dated  
19 February 1963; Same Subject ([REDACTED] 2239-63)

1. Since receipt of the reference, I understand that plans are pretty well in hand now to in hand now to install a [REDACTED] simulator at [REDACTED]

2. Please let me know what effect this latest action will have if finally approved and forwarded on your recommendation in paragraph 1 of the reference to add to the funding at [REDACTED] and to establish top level DOD priorities to that project. I raise this matter lest we be spending money at [REDACTED] unnecessarily in view of the [REDACTED] project.

Deputy Assistant Director  
(Special Activities)
